

Lyra Lounge & Lyra Footstool

DESIGNED WITH ANDREAS ENGESVIK

The Lyra Lounge is a feel-good armchair that combines exquisite design with unbeatable comfort and is certain to be a favorite armchair, in any setting. The soft padding and perfect angle literally suck you into it and make you feel like falling into a pile of pillows. Thanks to the clever canvas construction, the armchair is lightweight and easy to move. Despite its generous size. Combine it with the matching footstool for the ultimate comfort.

The upholstery comes in either leather or textile, giving the Lyra Lounge a soft and alluring look. The base comes in a standard canvas and a number of metal RAL:s.
